Document Version: 2.0

Effective Date: June 2026

1. Introduction

Welcome to the DSAIN websites (“Websites”).

DSAIN (Distributed Sovereign AI Infrastructure Nodes Technology) is a sovereign AI infrastructure initiative focused on the development of a distributed ecosystem consisting of:

- Core Infrastructure Nodes
- Research & Innovation Nodes
- Enterprise Nodes
- Citizen AI Nodes
- Community Compute Federation participants

The Websites provide information regarding:

- DSAIN concepts
- Infrastructure development
- Community Compute Federation initiatives
- Reverse Co-Hosting programs
- Municipal cooperation opportunities
- Research activities
- Technology development

- Sustainability initiatives
- Strategic partnerships
- Future project developments

These Terms of Use govern access to and use of the Websites and all information, materials, documents, graphics, visualizations, reports and other content published by DSAINT.

By accessing or using the Websites, users agree to these Terms of Use.

2. Acceptance of Terms

By accessing, browsing or otherwise using the Websites, users acknowledge that they have read, understood and accepted these Terms of Use.

Users who do not agree with these Terms should discontinue use of the Websites.

DSAINTE reserves the right to update these Terms in accordance with Section 15.

3. Informational Purpose Only

All information published on the Websites is provided solely for:

- informational purposes;
- educational purposes;
- research purposes;
- discussion purposes;
- stakeholder engagement.

Website content may include:

- infrastructure concepts;
- strategic roadmaps;
- financial models;
- master plans;
- architectural visualizations;
- governance concepts;
- sustainability strategies;
- technical specifications;
- ecosystem concepts;

- federation concepts.

Such information should not be interpreted as:

- legal advice;
- financial advice;
- engineering advice;
- tax advice;
- investment advice;
- business advice;
- professional advice of any kind.

Users remain solely responsible for evaluating information published on the Websites.

4. Concept Development Disclaimer

DSAINTE is currently a Concept Development Initiative.

The Websites may contain:

- forward-looking statements;
- projections;
- assumptions;
- conceptual designs;
- preliminary specifications;
- development scenarios;
- implementation concepts;
- strategic roadmaps.

Users acknowledge that:

- project specifications may evolve;
- technical architectures may change;
- timelines may change;
- financial assumptions may be updated;
- implementation priorities may change;
- future outcomes cannot be guaranteed.

Any references to:

- capacities;
- timelines;

- milestones;
- performance targets;
- financial projections;
- expansion plans;
- infrastructure deployments;

are illustrative and indicative unless expressly stated otherwise.

Official Disclaimer:

Concept Development Document – not an offer of securities or investment solicitation.

5. AI Systems Disclaimer

The Websites may contain information relating to:

- artificial intelligence;
- machine learning;
- AI-generated content;
- simulations;
- forecasts;
- analytical outputs;
- conceptual technology architectures.

Such information is provided for informational purposes only.

Nothing published on the Websites should be relied upon as:

- legal advice;
- medical advice;
- financial advice;
- engineering advice;
- regulatory advice;
- professional advice.

Users remain responsible for independent verification of information.

6. No Investment Advice

Nothing on the Websites constitutes:

- investment advice;
- securities advice;
- financial advice;
- fundraising materials;
- securities offerings;
- investment recommendations;
- prospectuses;
- offering memoranda.

DSAINTE does not solicit investments through the Websites.

Users should seek independent professional advice before making investment decisions.

7. Sovereign Infrastructure Statement

DSAINTE seeks to operate according to German and European legal, security and governance principles wherever technically and economically feasible.

The project promotes:

- digital sovereignty;
- infrastructure resilience;
- security by design;
- transparency;
- responsible innovation.

References to sovereignty are strategic objectives and do not constitute legal guarantees or governmental affiliations.

8. Community Compute Federation and Citizen AI Nodes

The Websites may describe:

- Community Compute Federation concepts;
- Reverse Co-Hosting programs;
- Citizen AI Nodes;
- distributed computing initiatives.

Such descriptions are informational only.

Participation in future programs may require:

- separate agreements;
- additional terms;
- operational policies;
- technical requirements;
- security requirements.

Nothing contained on the Websites creates any entitlement to participate in future DSAINT programs.

9. Intellectual Property Rights

All content published on the Websites is protected by applicable intellectual property laws.

Protected materials may include:

- DSAINT trademarks;
- logos;
- graphics;
- visual identities;
- maps;
- renderings;
- infrastructure concepts;
- network architectures;
- governance frameworks;
- reports;
- presentations;
- financial models;
- documentation.

Unless otherwise stated, all rights are reserved.

Users may view, download and print materials solely for personal and non-commercial purposes.

Without prior written authorization, users may not:

- reproduce content;
- modify content;
- distribute content;
- commercially exploit content;
- create derivative works.

Unauthorized use may result in legal action.

10. Open Source Software

The Websites may utilize open-source software components including, but not limited to:

- Next.js;
- React;
- TypeScript;
- Tailwind CSS.

Such software remains subject to its respective license terms.

Nothing in these Terms modifies or replaces applicable open-source licenses.

11. Website Availability

DSAINTE strives to maintain availability but does not guarantee:

- uninterrupted access;
- continuous availability;
- error-free operation;
- compatibility with all devices;
- permanent accessibility.

The Websites may be modified, suspended or discontinued at any time.

12. External Links

The Websites may contain links to third-party resources including:

- LinkedIn;
- GitHub;
- government organizations;
- universities;
- research institutions;
- technology providers.

DSAINTE has no control over external services and assumes no responsibility for:

- content;
- privacy practices;
- availability;
- security measures.

Users access external resources at their own risk.

13. Limitation of Liability

To the fullest extent permitted under applicable law, DSAINT excludes liability for:

- indirect damages;
- consequential damages;
- incidental damages;
- business interruption;
- loss of profits;
- loss of revenue;
- loss of opportunities;
- loss of goodwill;
- loss of data.

DSAINTE does not guarantee the completeness, accuracy or suitability of Website information.

Nothing in these Terms excludes liability where exclusion is prohibited by mandatory law.

14. User Conduct

Users shall not:

- violate applicable laws;
- interfere with Website operation;
- attempt unauthorized access;
- circumvent security controls;
- distribute malicious software;
- submit false information;
- overload systems;
- conduct automated attacks.

DSAINTE reserves the right to restrict access where misuse is suspected.

15. Privacy and Data Protection

Personal data is processed in accordance with:

- GDPR;
- BDSG;
- applicable German and European privacy laws.

Further information is available in the DSAINT Privacy Policy.

Users are encouraged to review the Privacy Policy before submitting personal information.

16. Changes to Terms

DSAINTE reserves the right to modify these Terms at any time.

Updated versions become effective upon publication unless otherwise stated.

Continued use of the Websites constitutes acceptance of revised Terms.

17. Governing Law

These Terms shall be governed by the laws of the Federal Republic of Germany.

Mandatory consumer protection provisions remain unaffected.

To the extent legally permissible, disputes shall be subject to the jurisdiction of competent German courts.
